

Bright Beginnings Virtual Parent Workshop!

Grow your Knowledge and Techniques!

We are excited to announce our upcoming online parent workshop!

This a workshop designed to provide YOU, the parent, with valuable information and tools to help you understand and boost your child's performance in the areas of speech and language, play & social skills, and feeding.

What will I learn?

- normal developmental stages for speech, socialization/play, and eating
- the best ways to play with your child to promote play and communication
- clinician approved strategies to promote speech & language production during your day-to-day activities
- strategies for introducing your little one to new foods and textures
- how to avoid growing a picky eater

There will be time reserved for Q&A!

The workshop will be led by our Executive Director, a leading expert in Feeding and Speech and Language, in addition to members of our highly skilled clinical team.
